SPECIFICATION AMENDMENTS

Please replace the paragraph beginning on page 24, line 12, with the following amended paragraph:

The subsystem circuit database 302 and the function database 304 specify the interrelation of the subsystem circuits required to support a given function. The battery allocation/requirement/condition database 306 specifies the association of the battery allocations, requirements, or conditions to each subsystem circuit or function. <u>Such battery allocations, requirements, or conditions to each subsystem circuit or function may include the total battery time for a fully charged battery, the active time of each subsystem circuit or function, a voice threshold temperature, etc., as described above.</u>
